CHAS. - - - Minnesota.

Saturday January 7 1865.

State Legislature.

The seventh Session of the Legislature of the State of Minnesota convened at St. Paul on Tuesday, the 3rd instant. A quorum of each branch being present, an organization was soon effected by the election of officers. Thomas H. Armstrong was elected Speaker of the House, the important clerkships in each House being assigned to the same persons holding them last year.

The Governor delivered his annual message on Wednesday, the Senate and House meeting in joint convention for that purpose. The Governor announces that the financial condition of the State was never so healthy as now. The floating indebtedness of the State one year since was more than \$46,000, which, in the past year has been reduced to \$19,000. The interest fund, which has greatly accumulated, and which by law may be transferred to the revenue fund, added to other funds in the treasury, reduces the total floating indebtedness to \$15,796.61.

For the first time in the history of the State, the treasurer pays cash upon all public indebtedness. The entries of public land have largely increased during the past year, 665,750 acres having been entered at the various land offices.

Of school lands, up to Nov. 30th., 131,950 acres have been sold for the sum of \$839,984.20. This amount is partly invested in United States bonds, and the balance remains in the hands of purchasers, unpaid, bearing interest at seven per cent per annum.

The Governor recommends that all donations of land for the purpose of an agricultural college be consolidated and the college put in operation the current year.

Other portions of the message show in detail the increasing prosperity of the State in respect to population, railroads, coal discoveries, Indian affairs, military matters &c., concerning which our readers have in the progress of events been apprised.

STONEMAN'S RAID.

NASHVILLE, Dec. 30.

Major-General Stoneman, who arrived in the city last night from his great raid in East Tennessee and West Virginia, furnishes the following account of his expedition.

The force, which consisted of Burbridge's troops, all under command of Major-General Stoneman, left Knoxville Tennessee on the 18th instant. The movement was unknown to the rebels, and was not discovered until after three days. At Kingsport, Jones' command were attacked, consisting of about 500 of Morgan's old command. The rebels were killed, scattered and captured.

Next the rebel force of Vaughn's was discovered at Papertown, near Bristol, trying to effect a junction with Brockbridge at Saltville. Our forces pursued to Marion, where an engagement occurred, resulting in a loss to the rebels of all their forces and artillery except about 200, who retreated toward Lynchburg.

Gen Stoneman attacked Brockbridge's force at Marion and drove them over the mountains into North Carolina. His command then attacked the Salt works, which were defended by about 700 men, who were either captured or dispersed.

The loss by this raid is immense. All the railroad bridges from New River Va. to the Tennessee line are destroyed. Thirteen railroad trains, with locomotives and several trains and extra cars without engines were captured and destroyed. All depots of supplies in Southwestern Virginia, railroad depots, all foundries, mills, factories, storehouses, wagon and ambulance trains, turnpike bridges were destroyed. In addition we captured 2,500 rounds of artillery ammunition, two thousand pack saddles, and a large quantity of small arms. Two thousand horses and 1,000 mules were among the captures. Two rebel editors and four secession printing presses were among the captures. The latter were sent to Parson Brownlow as a Christmas gift. A severe loss to the rebels was the destruction of the salt works at Saltville, and the lead mines at Leadville. Both were rendered valueless.

Our losses were very small not exceeding 2,000 killed, wounded and missing. Among the killed was Col. Boyle of the Eleventh Kentucky Cavalry. Our captured rebel prisoners amount to thirty-four officers and 840 men. East Tennessee is now free from any organized body of rebels, and Kentucky is not infested with a Confederate force. Gen. Stoneman had possession of a rebel telegraph line and held it for eighteen hours during which he discovered all their plans and movements.

RESULTS OF THE LAST SIXTY DAYS.

The New York Commercial Advertiser makes an interesting statement of the results of the operations of the Union armies in the last two months, but the Advertiser's statement was made up before the capture of Savannah, or the receipt of Burbridge's report of operations in Southwestern Virginia, which add largely to the totals. We compile from the Advertiser's statement and the official reports of Sherman and Burbridge, the following synopsis:

CANNON CAPTURED.
In October, by Sheridan, in Virginia, 10
Pleasanton, in Missouri, 10
Tennessee, Thomas, in Alabama, 10
and by the Navy at Plymouth, 10
10 November, by Canby and Gregg, 10
Nov. 15 to Dec. 15, by Sherman, on his march and at Fort McAllister, 10
Dec. 15 to 31, by Thomas, 10
Dec. 21, by Sherman, at Savannah, 10
By Sherman, in S. W. Virginia, 21

PRISONERS CAPTURED.
Oct. 19, near Winchester, by Sheridan, 2,000
Oct. 22-25, in Missouri, by Pleasanton, 1,300
Oct. 27, by Grant, 1,200
Nov. 15 to Dec. 21, by Sherman, 4,500
Nov. 23, at Franklin, by Thomas, 1,200
Dec. 15 to 31, by Thomas, 1,200
In various fights in Virginia, Tennessee, Louisiana, Florida and Kentucky, 2,700
23,610

To which may be added 7,000 negroes who are not, however, to be regarded as prisoners, but as reducing the rebel strength, belong to an enumeration of the trophies of war, and about 4,000 deserters from Hood's army. The enemy have, at the same time, lost fully eight thousand in killed and wounded in the various battles indicated.

Twenty-six rebel Generals have been captured, or put hors du combat, and not a single Union General captured. Gen. Ricketts was killed in the battle near Winchester, and three or four other Union Generals wounded.

REBEL RAILROADS DESTROYED.
By Sherman, 200
By Canby, 30
By Stoneman, 75
By Gregg, 10
By Warren, 25
Total 340

To all these captures and devastations must be added the immense destruction and captures of cotton and supplies and rolling stock by Sherman, and the scarcely less important damages inflicted by Stoneman in South-west Virginia.

The totals are prodigious, as the following recapitulation will show:

RECAPITULATION.
Guns captured, 373
Prisoners captured, 23,610
Rebel killed and wounded, 8,000
Rebel Generals killed, wounded and captured, 26
Railroads destroyed, miles, 340
Locomotives, 27
Railroad cars, 320
Cotton captured & destroyed, \$95,000,000

In addition, we have captured immense quantities of wagons and stores, besides taking about twenty-five blockad-runners, and sinking the Albemarle, Florida, and Sea King, and causing the destruction of several others. All this was achieved with an insignificant loss on our side—six or seven guns will express our loss in artillery—and probably Davidson's great raid through the Gulf States would add still more largely to this catalogue. Many items have doubtless escaped our memory, but these are sufficient to show what immense havoc the war is making upon the South, and how rapidly our armies are reducing it to the final stage of utter exhaustion.

Interesting News from Savannah.

NEW YORK, Jan. 4.—The World's Beaufort, S.C., correspondent of the 28th says incessant preparations are making for Sherman's army to resume the offensive. The enemy evidently expect an attack on Charleston and Beaufort. Re-fuges say Charleston is being surrounded by formidable earthworks.

A portion of Dahlgren's fleet is engaged in removing obstructions from Savannah River, some of which are very formidable. A spacious channel has been made for vessels plying between Hilton Head, and Savannah.

Foster's army is still at Broad River Landing, covering the Charleston & Savannah Railroad.

It is now said that Hardee's army passed over that Road to Charleston.

We have heard many visitors from Savannah and citizens speak well of Sherman's raid.

Gen. Geary has issued orders dividing Savannah into two military districts, protecting public and private property, registering persons formerly in the rebellion, concerning arrests, continuing the fire department, water and gas works, arrest of straggling soldiers, transportation of persons within the rebel lines, and supplying destitute persons with food.

Gen. Sherman, in special field orders, states that Savannah is and will be held as a military post for future military use. It is proper to lay down certain general principles, that all who understand their duties and obligations. He then proceeds to state what may be permitted for the convenience and comfort of the people, in which are embraced all the necessary privileges of a large community.

The publications of newspapers is limited to two, the editors to be held to a strict account for libels, mischievous matters, premature news, exaggerated statements or any comments whatever on the acts of the authorities.

The Savannah Republican of the 29th contains proceedings of a public meeting called by the mayor and a large number of influential citizens to take into consideration matters relating to the present and future welfare of the city. Resolutions were adopted.

1st. That we accept the positive surrender of the city and in the language of the President of the United States, secure peace by laying down our arms and submitting to the national authorities under the Constitution, leaving all questions which remain to be adjusted by the peaceful means of legislation, conference and votes.

2d. That, laying aside all differences and burying by-gones, we will use our best endeavors to bring back the prosperity and commerce we once enjoyed.

3d. We do not put ourselves in the position of a conquered city asking terms of a conqueror, but claim the immunities and privileges contained in the proclamation and message of the President, and all legislation in Congress in reference to a people situated as we are.

4th. We ask the Governors to call a Convention of the people to say whether they wish the war continued.

5th. That it is the unanimous desire of all present that Gen. Geary be continued as military commander of this post, and that for his urbanity and kindness, he be entitled to our thanks.

NEWS ITEMS.

—Gen. Butler returned to his headquarters on the James River, on Wednesday. He left the land forces of the Wilmington expedition under Gen. Weitzel.

—The Commercial's Washington special says the prisoners captured at Fort Fisher have arrived in that city. Many of them are mere boys.

—There yet languish in rebel slaughter pens of the Andersonville pattern, fifty thousand of our Northern soldiers. Of the hundred thousand rebel prisoners in comfortable and well warmed barracks, those at Elmira receive ten cents a day for their labor in making their quarters more healthful and comfortable. Those at Point Lookout receive for similar labor whisky and tobacco rations. To all, everywhere, vegetables are regularly issued, and to most blankets have been given.

—The capture of three St. Albans raiders enlisted in our army, places the case in a novel position. If those in Montreal claim to be rebel soldiers, these three are spies. If they plead as burglers, they are certain to go to the penitentiary without benefit from their rebel commissions. There is much rejoicing here over the dilemma in which the rebel sympathisers in Canada are placed.

—It is announced that General Hazen's division, and a brigade of Kilpatrick's cavalry left Fort McAllister on the 18th, in a southerly direction to release our prisoners on the Albany and Gulf railroads, ninety miles distant. The intention was to make a rapid march and surprise the enemy. It is reported that nearly all the prisoners from Millen, are at the point named.

—Why is the destruction of the rebel saltworks in Virginia the most terrible blow yet visited upon the rebels? Because it deprives them of their only chance of saving their bacon.—St. Paul Press.

—It is reported that Major General Howard is to take command of the Department of Missouri, and to be succeeded in command of the Army of Tennessee by Major General John A. Logan. The latter is now in New York, whence he will proceed to Savannah. Many change of commanders is made in Kentucky, it is said General Butler will be assigned to that department.

—The New York Times says a letter from Gen. Sherman is in Washington, which treats incidentally of our administration of the war, and the prospects of the rebellion, and which closes as follows:

My opinion is that every young and middle aged man ought to be proud of the chance to fight for the integrity of his country. I would like to see all trade and commerce absolutely cease until this conflict is over; and all who can fight, and won't fight, ought to be killed or banished; and those who won't support those who do fight should be denationalized.

—A notorious North Missouri guerrilla named Hunter was lately arrested at Salt Lake, Utah, where he had arrived en route for California, with \$200,000 in greenbacks, stolen from the Bloomington Bank in Missouri. He was recognized by a Missourian, and sent back by Gen. Connor, under guard. He will be taken to Hannibal and hanged.

CARVER COUNTY ORDERS in sums to suit taxpayers for sale at this office.

TWENTY DOZEN men's and boys' fur and plush caps, just received at WARNERS corner of Chestnut and Leroy Sts., Chaska Minn.

A LITTLE MORE CIDER.—C. A. WARNER has received a lot of CIDER direct from Michigan, which is for sale by the gallon or barrel.

FIFTY BARRELS of choice WINTER APPLES for sale by C. A. WARNER.

Volume 1865 of the great chronicle of human events was distributed to mortal man, both great and small, on Sabbath last. The first leaf, the "steel plate" engraving appeared even more glorious than art of man could devise or wit conceive. The morning of the new year brought with it a southerly breeze and a clear sky causing happiness to be doubly happy, by allowing free egress from our castles, lately closed by the bolts of a frigid atmosphere. Each day since the first of January has been the exact antipode of the almost congealed atmosphere of the last month. Our petition is that it may thus continue.

Quite an important sale took place this week of lots in block 36. Seven lots including a house which, three years ago, was perhaps worth \$500, was sold for \$1,050. Mr. G. Lee was the owner and Frank Meisler is the purchaser.

We are informed that J. A. Sargent Esq., has actually resolved upon the momentous undertaking—to us quite surprising—of commencing immediately a palatial residence to be completed at the earliest possible moment. The brick were delivered this week and the contracts are already let. His anxiety is lest things should "go up" in the spring, so the material is "cheap" let the work proceed. The building season bids, fair to open early for Chaska.

The recruiting association of Chaska met on Tuesday evening last, and in the absence of the Chairman, John Dunn, Esq., was nominated pro tem. The committee for obtaining subscriptions, reported through the Chairman, Gustav Pressel. Of 17 names enrolled \$8 have subscribed \$20, and three \$15 each, the sum total subscribed \$1,185. The prospects are that six or eight more will subscribe. The report being accepted, the committee was discharged. A committee consisting of Ferdinand Theis, W. B. Newcomb, and John Neisinger were appointed to collect the money. W. B. Newcomb, George Faber and Charles Wilson were appointed recruiting agents. Adjourned to Jan. 10th. In this connection we are authorized to say that Chaska will pay higher bounties than have yet been offered by any other town. Those liable to draft, living in towns where no bounties will be raised, will do well to call upon the aforesaid recruiting agents before enlisting elsewhere.

The regular January session of the Board of County Commissioners was held at the court house on Tuesday and Wednesday last. Geo. M. Powers was elected Chairman for the ensuing year. The official oath and bond of Peter Weego Auditor elect were presented and accepted. Abatements were made in several cases of excessive taxation.

The following bills were allowed: To W. B. Griswold for publishing the list of forfeited lands at rates prescribed by law \$220.

To G. Kreyenbuhl for recording 360 declarations of intentions, 94 final papers of naturalizations, and 276 marriage certificates \$251.50. It should be observed that these papers for years previous have been accumulating, and have only been filed. The law now provides that they shall be recorded, and for this reason the Board were obliged to procure the work done.

To Fred. Greiner for indexing deeds &c. in registers office, 1630 descriptions and for stationery for office \$59.52.

A petition was presented by Mr. Hein of Carver asking for a County road from Carver running under the bluff to in-

tersect the Henderson road one and a half miles from town. This road is intended to avoid the heavy hill known as the Henderson hill leading out of Carver. We understand that the proposed road is quite practicable, and can be made a much better road. A committee from the members of the Board was appointed to examine the route which will be done the 9th inst.

Sixty dollars were appropriated in payment of Judge Chatfield for services rendered in assisting the County Attorney in a case involving the validity of the court house bonds.

A committee was appointed to lease the lower rooms in the ell part of the court house. The rooms, without receiving proposal, or bids, or giving public notice that they were for rent, were disposed of by the committee to Mr. John Bennett at four dollars per month. We are informed that he proposes to sub-let one room for a corn crib.

THE HOME JOURNAL.—This long established weekly, so well adapted to its character and tastes to the enjoyment of the family circle, will enter its nineteenth year on the first of January. Since the death of General Morris, Mr. Willis has been its chief editor, and under his efficient management, we may safely presume that it will still retain the place it has so long held in first-class literary and social circles. Although Mr. Willis has been compelled, by ill health, to leave the city, where for two years past he has chiefly resided, he still furnishes his full proportion of editorial matter for the paper. Mr. Morris Phillips, his partner, has charge of the foreign gossip, art, dramatic and book criticisms, and attends to the business department of the paper. He has been many years connected with the Home Journal, and ably manages those parts of it which are under his supervision. The number of contributors to the Home Journal is quite large, and many of them are among our best known and most popular writers.—Evening Post Dec. 27, 1864.

U. S. 7-30 LOAN

The Secretary of the Treasury gives notice that subscription a will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semiannual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Special advantages of this Loan.

It is a national savings bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

Convertible into a six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stock was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all these advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation.

On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer greater inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

FIRST NATIONAL BANK OF SAINT PAUL.

And by all National Banks which are depositories of public money, and ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and afford every facility to subscribers.

HOSTETTER'S.

CELEBRATED Stomach Bitters.

A pure and powerful tonic, corrective and alterative of wonderful efficacy in disease of the Stomach, Liver and bowels, Cures Dyspepsia, Liver complaints, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms and all

Complaints of either Sex arising from bodily weakness whether inherent in the system or produced by special causes. Nothing that is not wholesome genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical element, no fiery excitant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forewarned against disease, and so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water and other external causes, HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventive and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical element, no fiery excitant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

Persons of feeble habits, liable to Nervous Attacks, Lowness of Spirits and Fits of Langor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agency of Billious Colic is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated.

In cases of Constitutional Weakness, Premature Decay and Debility and Deceptive arising from Old Age, it exercises the electric influence, as well as cures the liver, it also invariably relieves Constipation superinduced by irregular action of the digestive and secretory organs.

This marvellous success is owing not only to the fact that its political sentiments are in harmony with those of the great majority of the people, but to its great superiority over all its rivals in every department of newspaper intelligence, being

THE DAILY PIONEER
Is issued EVERY MORNING IN THE WEEK (Mondays excepted.)
The Tri-weekly Pioneer
Is issued every MONDAY, WEDNESDAY and FRIDAY, and will be found a very convenient issue in localities which have no daily mail. It contains all the matter (exclusive of advertisements) that appears in the Daily edition.

The Weekly Pioneer
Is the first newspaper issued in Minnesota, and has been printed continuously since 1849. It contains all the news matter of the Daily and Tri Weekly editions, and is the largest newspaper printed in the State. We shall endeavor, as in the past, to make it copiously a Family Paper, and a welcome visitor to every household. It will contain, in addition to the news of the day, the best selected and original tales, poetry, reviews, and other excellent literary matter. It is in every respect a popular newspaper, and the cheapest as well as the best in the State.

The General Character of the Pioneer.
The several editions will present a full, faithful and reliable, epitome of the latest current news, received through our regular telegraphic reports, correspondence, &c. Especial pains will be bestowed upon Commercial and Market Reports, up to the moment we go to press. To this will be added a lively interest in local matters, and in everything calculated to promote the material prosperity of our people. The general army news will be published promptly, faithfully and fully, and editorial attention will be directed to intelligence relating to Minnesota troops in the field giving the latest, most authentic and detailed information as to their locality and the conduct of officers and soldiers.

Political Affairs.
while THE PIONEER will refrain from intemperate and factious opposition to the present Administration, it will fearlessly criticize every act that is deemed subversive of the public good; but it will be in a spirit of candor and moderation designed to evolve light and truth, and promote the diffusion of sound principles of political economy. We shall advocate at all times "Democratic Principles and Democratic men," and expose the evil tendency and corruptions of radical measures and men. In short, we shall aim to make the Pioneer the central organ of the Democratic and conservative sentiment of Minnesota; and being determined to continue in the course we have pursued the past year, we confidently appeal to the Democracy for their support.

In these days when the party in power is lavish of its benedictions to its press, which has become base as it has grown venal, and when the Democratic press is excluded from patronage, it is especially important that the masses of the party should extend a liberal support to its papers. It is indispensable, and it is the business of every patriotic and conservative man of the State. With these views, we regard it a duty to enjoin upon Democrats everywhere to support the local and central press. It must be done, or we must abandon the hope to take our place in the grand roll of Democratic States, which the events of the next two years will inevitably inscribe upon the time-honored banner. Let not Minnesota be lagged to "pursue the triumph and partake the gain."

BOOK & JOB PRINTING.
Labor, paper and everything which enters into the cost of a newspaper, is so high that we can hope for little profit in that branch of our business, and we therefore particularly solicit.

HOSTETTER'S

CELEBRATED
Stomach Bitters.

A pure and powerful tonic, corrective
and alterative of wonderful effec-
cy in disease of the Stomach,

Liver and bowels, Cures Dyspepsia, Liver
complaint, Headache, General Debility,
Nervousness, Depression of Spirits, Con-
stipation, Colic, Intermittent Fevers,
Cramps and Spasms and all

Complaints of either Sex
arising from bodily weakness whether inherent
in the system or produced by special causes.
Nothing that is not wholesome and restora-

tive in its nature enters into the composition
of Hostetter's Stomach Bitters. This popular
preparation contains no mineral of any kind,
no deadly botanical element, no fiery excitant; but
it is a combination of the extracts of rare but
simple herbs and plants with the purest and mildest
of all diffusive stimulants.

It is well to be forewarned against disease, and,
so far as the human system can be protected by
human means against mal-lies engendered by an
unwholesome atmosphere, impure water and other
external causes, **HOSTETTER'S BITTERS**
may be relied on as a safeguard.

In districts infested with **Fever and Ague**, it
has been found infallible as a preventive and in-
resistible as a remedy and thousands who resort
to it under apprehension of an attack, escape the
disease, and thousands who need it to avail
themselves of its protective qualities in advance
are cured by a very brief course of this marvellous
medicine. **Fever and Ague** patients, after being
suffering for months in vain, until fairly
saturated with that dangerous alkalioid, are
not infrequently restored to health within a few
days by the use of

Hostetter's Bitters.
The weak stomach is rapidly invigorated and
the appetite restored by this agreeable tonic and
hence it works wonders in cases of **Dyspepsia**,
and in less confirmed forms of **Indigestion**.
Acting as a gentle and painless aperient, as
well as upon the liver, it also invariably relieves
Constipation unaccompanied by irregular action
of the digestive and secretory organs.

Persons of feeble habit, liable to Nervous At-
tacks, Lowness of Spirits and Fits of Languor,
find prompt and permanent relief from the Bit-
ters. The testimony on this point is most con-
clusive, and from both sexes.

The agency of **Bilious Colic** is immediately
relieved by the use of the stimulant, and by
occasionally resorting to it, the return of the
complaint may be prevented.

In cases of **Constitutional Weakness**, **Brain**
Trouble and **Debility** and **Deceptive** arising
from Old Age, it exercises the electric influence
in the conductive stage of all diseases, it op-
erates as a **religiously** important. When the
powers of nature are relaxed, it operates to re-enforce
and re-establish them.

Last, but not least, it is
The Only Safe Stimulant,
being manufactured from sound and innocuous
materials, and entirely free from the acid ad-
ventitious present more or less in all the ordinary
tonics and stomachics of the day.

No family medicine has been so universally
and so long used, and so generally and deservedly
popular with the intelligent portion of the com-
munity, as **Hostetter's Bitters**.

Prepared by **HOSTETTER & SMITH,** Pitts-
burgh, Pa. Sold by all Druggists, Grocers and
Storekeepers everywhere.

Miscellaneous.

Wanted the Old Kind.

A milk pedlar finding that his busi-
ness was not just what it should be, re-
solved to take about and sell milk, instead
of milk and water, as he had formerly
done and thus test the soundness of the
old maxim about honesty. A day or two
after he had effected the aforesaid change
he was told by one of his customers, a
matronly old lady, that he need bring no
more milk to her.

In great surprise he asked her the rea-
son why. "Because," said she, "the ar-
ticle you sold me yesterday was the queer-
est stuff I ever saw. It had not stood
there two hours when it had a nasty yel-
low scum on it. I must have the real
sky-blue article that I have always been
accustomed to have."

Hospital.

The medical department of the army
is engaged in preparing the plans for an
immense hospital, to be built upon the
Severn river, near Annapolis Maryland.

This general hospital, which has been
projected by Surgeon General Barnes
will eclipse in extent and accommoda-
tion any other institution in the world.

It is intended to have it surrounded
with extensive grounds for the exercise
and amusement of the patients, it hav-
ing been found by experience that ample
opportunities for out-door exercise have
a more beneficial effect, and contribute
more to the speedy recovery of the pa-
tients than any other accessory of a hos-
pital. The farm on which it is proposed
to locate it comprises about one thousand
acres, the owner of which is a secession-
ist and within the rebel lines.

An Inquiring Mind.

Professor Gunning, the lecturer on
geology was interesting the primary schol-
ars in a city school recently by showing
with black-board and chalk, how the bee
was made. He had just finished it by
putting in the sting, when a little fellow
who had been watching the process most
closely spoke up—

"Mr. Dunning?"

"What, my boy?"

"Did't Dod make the bee?"

"Yes, certainly. God made the bee.

The little fellow was silent a minute,
when he spoke again—

"Mr. Dunning?"

"Well, what now, my son?"

"I was thinking," said the young phi-
losopher, "how Dod could put the
sting into the bee without dittin' his fin-
gers stung before he let it do."

That child ought to be encouraged.

Can Travel Like Pizen.

The electric telegraph is bound to re-
main a mystery to the million, and the
ludicrous conceptions of its *modus oper-*
andi, which some of the most ignorant
people have formed, are as amusing as
anything out of Rabelais or Smollett. The
last illustration of this that has fallen
under our eyes, is the following story:

Not long since, an old lady entered
O'Reilly's office in Pittsburgh, and said
that she had a message to send to Wheel-
ing. In a few minutes her note was de-
posited in a dumb waiter, and ascended
in a mysterious manner through the
ceiling.

"Is that going straight to Whodling?"
inquired the old lady, with her eyes bent
upon the ceiling.

"Yes, ma'am," answered the clerk.

"I never was there," continued she,
"but it hardly seems possible that the
town lies in that direction. When will
I get an answer Mr. Telegraph?"

"I can scarcely tell, ma'am, it may be
two or three hours."

The old lady went away; and returned
in exactly two hours. Just as she enter-
ed the door the dumb waiter came down
through the ceiling.

"There is your answer, ma'am," said
the clerk.

The old lady took the neat yellow en-
velope in her hands with a smile of min-
gled gratifications and astonishment.
"Now that beats all," exclaimed she,
"Bless my heart. All the way from
Wheeling, and the wafer wet yet. That's
an awkward looking box—but it can trav-
el like pizen."

I've Just Sam.

During the last winter a "constraband"
came into the Federal lines, in North
Carolina, and was marching up to the
office of the day to give an account of
himself, whereupon the following col-
loquy ensued:

"What's your name?"

"My name's Sam."

"Sam what?"

"No, sah; not Sam Watt. I've just
Sam."

"What's your other name?"

"I hasn't got no other name, sah. I've
Sam—dat's all."

"What's your master's name?"

"I've got no massa now; massa runned
away—yah! yah! I've free nigger now."

"Well, what is your father's and moth-
er's name?"

"I've got none, sah, nebber had none
I've just Sam—nobody else."

"Have you any brother and sisters?"

NEWSITEMS.

New York, Jan. 7.

Late rebel newspapers show that the fight of Jeff Davis and Jeff Davis is constantly growing more sanguinary. The lines between them are now vituperatively drawn. Those opposed to Davis, accuse him in the most open and vehement manner, as the cause of their recent disasters, and they in turn, are charged by Jeff's organs with destroying confederates in the ability of the Confederacy to achieve her independence, preventing full enforcement of conscription, and encouraging desertions.

The Richmond *Whig* in an article on England, says she has no ships that could encounter the Yankee monitors with any prospect of success, and although she might build such, yet the probability is, that they could not cross the ocean. She could not even break up the blockade, far less send an army and fleet here to assist us. It is, therefore, hardly worth while to think of trusting to English assistance.

The *Herald* correspondent says of the battle of Stone river, near Murfreesboro, of which our special correspondent gave an account weeks ago, that the Eighth Minnesota particularly distinguished itself above all the regiments, by its hard fighting, having lost 90 out of 238 men in the engagement.

Quebec advises say there is trouble in Canada over the enforcement of the draft for militia men to serve on the frontier. The French refused to serve and the drafting officers driven out of several counties. A strong force has been ordered out to put down this insurrection.

New York, Jan. 5.

The *Herald's* correspondent off Charleston 29th, says the blockade running steamer Julia with a cargo of 450 bales of cotton, bound from Charleston to Nassau, was captured a short distance outside of the former port.

Washington, Jan. 7.

Subscriptions to the Loans yesterday as recorded at the Treasury Department were as follows: To the 10-40 Loan \$2,500,500; to the 7-30 Loan \$1,000,000.

Fortress Monroe, Jan. 6.

The exchange of prisoners is again resumed. Colonel Mulford arrived from Washington yesterday, and left for Virginia, on the James River, with fifty rebel officers.

Springfield, Ill., Jan. 5.

The Legislature in joint session today, elected Ex-Governor Yates U. S. Senator on the first ballot. The votes stood, Yates, 64; Jas. C. Robinson, 43.

New York, Jan. 5.

The *Tribune's* Washington special says it is stated on high authority, that the French Mission was filled on Tuesday by the appointment of John C. Fremont.

Detroit, Jan. 6.

Hon. Jacob M. Howard was re-elected United States Senator for six years from next March.

The Governor has appointed Hon. Delano T. Smith Commissioner to attend to the wants of Minnesota soldiers, at Nashville, Murfreesboro, Chattanooga, &c.

Gen. Parke is in temporary command of the Army of the Potomac, during Meade's visit to his family.

The Pursuit of Hood.

There is no longer any doubt that Hood has escaped. He crossed the Tennessee river on pontoons, on the 23d ult., at Bainbridge, eight miles from Florence. Steadman, as we announced a day or two ago, reached Decatur on the 24th, taking two guns from a rebel rear guard, and soon discovered the fact that Hood had crossed. Steadman immediately gave chase and it is now reported, has captured Hood's pontoon train. A correspondent says:

The rebel army, when it left Tennessee, including cavalry, consisted of from 17,000 to 18,000 men, being less than half its strength when it made its entry. The number of deserters is enormous. Of the 2,000 men he succeeded in concealing, he did not get 100 across the river, all the remainder escaped in the mules and of the 8,000 Tennesseeans—old soldiers—who marched north, not a thousand are to-day south of the river. The city is full of stragglers; even Hon. A. O. P. Nicholson, of Nicholson letter notoriety, has returned to his home in Columbia, declaring the Confederacy a failure, and his determination to aid it no more.

Gen. Thomas is reported to have returned to Nashville, but it is said that the pursuit of Hood will still be pressed

by our cavalry. Hood is said to have been ordered to Tusculooosa, to re-organize his shattered forces.

REBELLION IN LOWER CANADA.

The Habitans Make Resistance to the Draft.

From the Quebec News Dec. 31.

The most intense excitement prevailed in the city last evening, when intelligence reached town that the draft, which was to have taken place yesterday throughout the province, according to the act 27th Vic. caps 28 and 24, had been resisted in several of the counties in this district, and that the officers appointed to enforce it had been driven away at Chateau Richer, and their lives threatened.

Deputy Adj. Gen. DeSalaberry, acting under directions from the executive council immediately ordered out four companies of the best and most effective of the volunteer active militia, viz. No. 3 volunteer garrison artillery, Capt. Murray and Lieut. Montizambert; No. 4 garrison artillery, Capt. Grant and Lieut. Home; Capt. Lamontagne's field battery of artillery (two guns), and the Wellington rifles, under command of Captain Gibson. These four companies left the armory about 8 o'clock in carriages, each man provided with twenty rounds of ammunition amidst the cheers of hundreds of spectators. It is scarcely possible that the *habitans* will attempt to resist such a force, although it was reported last night that over two hundred ship carpenters from St. Roch had gone down to cut the Montmorency bridge, and prevent the troops from proceeding to Chateau Richer. The greatest excitement prevails in the city. The volunteer forces is not expected to return to town before evening, after the draft is completed, unless they meet with determined resistance. The four companies are under command of Lieut. Col. De Salaberry. Mr. Justice Maguire accompanied the forces in his official capacity. We will have news from the volunteer forces this afternoon, which will be communicated to our readers by extra.

The resistance to the draft in the rural district was not unexpected, and has therefore not taken the authorities unawares; but that a force such as left the city last night should have been deemed necessary has taken our citizens by surprise.

The Dutch Gap Canal a Success.

The *Tribune's* Army of the James special says the Dutch Gap Canal is regarded as a complete success. The result of the explosion in the Bulkhead being all that was expected a dredging machine will now finish the work. Six feet of water has been in this canal since the 15th of last month.

The *Herald* gives a complete history of the Dutch Gap Canal. It was commenced in August last, and up to the day of the explosion of the Bulkhead three regiments of white and colored troops were detailed for the special work, averaging from 1,200 to 1,400 men employed daily on an average of ten hours. The canal is 522 feet long, and the greatest width of excavation is 122 feet, and the depth 45 feet. The width of the canal proper is 65 feet at the top and 45 feet at the bottom. At high water there will be a depth of 13 feet. From these facts some idea may be formed of the immensity of the work. Supposing that the canal in consequence of the heavy batteries bearing upon it cannot be completed at present, the work, as far as it has been carried, is so much gained, and it is an enterprise which, when it shall be completed, will always be of incalculable importance to the commercial interests of Richmond. The explosion of the Bulkhead of the canal of the 1st instant was witnessed by a large number of officers and a strong body of troops, men under arms to be ready for emergencies.

The new Governor of South Carolina, McCrath, has issued a proclamation calling upon all free white men between the ages of 16 and 60 to come to the defense of Charleston willingly if they will, forcibly if necessary.

The Richmond *Enquirer* suggests the punishment of merchants of Wilmington who refused to take Confederate money while our fleet was before that city.

The Raleigh *Confederator* says the surrender of the Junior Reserve by Major Reese near Fort Fisher was an act very damaging to his reputation.

By the Columbia *South Carolinian* it appears that a number of Union prisoners who had agreed to join the rebel army to escape a rebel prison had been discovered in a plot to escape to Sherman's line. Seven were shot and the remainder sent to prison.

SOUTHERN NEWS.

New York, Jan. 7.

General Taliaferro is in command of the District of Charleston succeeding Gen. Ramsom.

Gen. G. W. Smith is in Augusta. Major General John C. Brown, brother of Ex Gov. Brown of Tennessee, is recovering from his wound received at Franklin.

The Raleigh *Progress* says of the Roanoke affairs, in which the rebels at first claimed so great a victory, that it did not amount to much, no one being killed or seriously wounded on either

side. The Richmond *Enquirer* records a skirmish at Springplace, near Dalton, Ga., in which the rebels captured 70 prisoners, 17 horses, and 40 or 50 stand of arms. No dates given.

The Mobile *Register* reports that a steamer, powerfully armed, just completed at that city, has taken her place in the harbor.

Anti-Slavery Convention in Kentucky.

CINCINNATI, Jan. 5. At the Anti-Slavery Convention held at Frankfort, Ky., yesterday, resolutions were adopted adhering to the Baltimore Platform, requesting Representative Congressmen to vote for the Constitutional amendment abolishing slavery; inviting the Legislature to instruct them to that effect; repealing the slave code of Kentucky; endorsing Gen. Darbridge on approving vigorous retaliatory warfare against guerrillas. Great harmony prevailed. Letters from portions of the State were read, urging the Convention to take strong anti-slavery grounds.

The Cotton at Savannah.

NEW YORK, Jan. 5. Collector Draper left this city this afternoon in the transport *Grenada* for Savannah, where he will take testimony relative to the ownership of the cotton captured there by Sherman, and make such disposition as the War Department may direct. Mr. Draper was made a cotton agent some two months since, when he filed the necessary bonds to the amount of \$2,000,000. The cotton will probably be sent here for sale, or may be shipped to Europe.

From Grant's Army.

The *Time's* correspondent says investigation into the mine explosion in front of Petersburg is closed, and the verdict will show a divided responsibility falling upon Burnside, Meade, and Wade, and the General who led the assault, nor does Gen. Grant hold himself entirely blameless especially in permitting the selection of the officer who led the assault to be made by lot.

The *Tribune's* Army of the James correspondence of the 3d says W. A. Pollard, of the Richmond *Examiner*, captured some eight months ago, has gone to Richmond to seek an exchange of himself for Richard Gore, correspondent of the *Tribune*, captured eight months since.

Affairs in the Shenandoah.

NEW YORK, Jan. 10. The *Herald's* Shenandoah correspondent says that the inhabitants are suffering from scarcity of food, and the rebel troops are quartered on them, rendering their condition still more deplorable. No new active military movements of importance have taken place recently in the valley.

FROM EUROPE.

PORTLAND, Jan. 14.—The steamer *Moravian* from Liverpool 29th, arrived here this morning. Gen. Dix's order to pursue the rebel raiders into Canada attracted much attention, and leading journals hope it will not be acted upon, as it might cause trouble. The papers generally discontinue the idea of being driven into an unfriendly relation with the United States on account of raiders in Canada. The *Times* shows the rebels could desire nothing better.

SHERMAN'S ARMY.

WASHINGTON, Jan. 11.—The Richmond papers say that the last accounts from the enemy in South Carolina are that the enemy was still in front of Hardeeville.

A soldier came home from the war last week, with both his legs shot off, and \$700 bounty in his pocket. His wife who had taken great dislike to the poor fellow, on account of his crippled condition, stole his money and ran off with it. The ladies must begin to learn that glory is a sufficient compensation for legs.

The citizens of Philadelphia have purchased a furnished house, for \$50,000, to be presented to Mrs. Gen. Grant as a permanent residence. They have also subscribed \$30,000 for the widow of Gen. Burney, buying a house for \$10,000 and investing the balance in United States bonds.

The Richmond *Whig* of the 5th says that General Sherman has issued orders refusing to receive any more flags of truce from subordinate officers, and declares if his boats on the river are fired into, he will force every citizen of Savannah to leave.

In regard to the rumor that England and France will soon declare Lincoln President only of the Northern States, the *Tribune* says editorially: "In carrying out the reported plan, they would be obliged to recognize as independent powers all the States that voted for McClellan."

Montgomery Blair has commenced the practice of law in the Court of Claims.

CARVER COUNTY ORDERS in suits to suit tax-payers for sale at this office.

TWENTY DOZEN men's and boy's fur and plush caps, just received at WARNER'S corner of Chestnut and Levee Sts., Chaska Minn.

A LITTLE MORE CIDER.—C. A. WARNER has received a lot of CIDER direct from Michigan, which is for sale by the gallon or barrel.

FIFTY BARRELS of choice WINTER APPLES for sale by C. A. WARNER.

The Legislature of Minnesota on the 10th inst. elected Hon. Daniel S. Norton to the United States Senate for the term of six years. He succeeds Senator Wilkinson whose term expires in March next.

Those interested in military matters will remember that the Board of Enrollment meets at Carver on Wednesday the 25th day of this month to exempt persons not liable to military duty. All aliens, those over age and under age, non residents, in the service or dead, and all physically disabled should appear and be stricken from the roll.

To those who design going to St. Paul for examination, we say, remain at home until the Board meets at Carver. The examinations in the city are so hastily made that the chances for exemption are fewer than they will be at Carver.

The sale of lands for taxes, took place at the court house in the afternoon of Monday last. Nearly all the lands advertised upon which the taxes were not paid at the opening of the sale were purchased by a spirited corps of bidders consisting of E. Holmes, of Carver, C. A. Warner, J. W. Gregg, Newcomb and Griggs, F. Griener and J. A. Sarzenant, of Chaska, E. F. Lewis and E. F. Hamilton, of Watertown, Jared Merrill of Cass. We have not learned the gross amount taken, but the list was so nearly sold out that the financial condition of the county stands better than ever before.

Quite a number of the Chaska and Carver enrolled men are visiting the city of St. Paul to procure exemption from military duty. Among the enrolled men of this town we learn that Henry Young, Louis Wolf, Paul Wolf, Ferdinand Theis and himself, have been stricken from the rolls as unfit for service.

To be debarred the privilege of serving one's country in a time like the present is doubtless a grievous disappointment to these gentlemen, but another duty, which is still within their sphere of usefulness, readily suggests itself, and that is, to encourage enlistments by the payment of money and otherwise, and thus avoid a draft upon those whose circumstances render it a hardship to enter the service.

Chattanooga Correspondence.

CHATTANOOGA Dec. 29, 1864.

Mr. Editor:

Thinking that a few Chattanooga items would not be amiss, I drop you these few lines. Batteries A. B. and C. now form part of the Garrison Artillery. Battery D. has not yet arrived, but is momentarily expected, with our Major L. L. Baxter. His appointment gives entire satisfaction in the companies here.

For four weeks we were deprived of all communication with the outer world through the politeness of Gen. Hood, for which Gen. Thomas returned our thanks. The arrival of the mail upon Christmas day was hailed with joy as it brought news of Gen. Thomas and Sherman's great victories, of which you have had full accounts long ere this.

It may be a matter of gratification and pleasure to the numerous friends of Lieut. Dutoit to learn of the high esteem in which he is held by the members of his company. Battery C. on its way down, purchased and presented the Lieut. with a handsome sword and belt. It was presented by the Orderly Sergeant. The Lieutenant thanked the company in a neat and appropriate speech. Lieut. D. has endeared himself to us all by his manly bearing and uniform courtesy. He has won a reputation among his men which

any officer might be proud of. All letters for the men of these Batteries should be addressed thus: "Battery—1st Minn. H. A. Chattanooga Tenn." Yours Truly—R. H. OGBURN.

Correspondence Eleventh Min.

DRAKES CREEK Jan. 3rd, 1865.

Valley Herald:—Having a few leisure moments, I think they would not be unprofitably spent in penning a few lines for the benefit of your readers. The "Bloody Eleventh" is still stationed upon and guarding the Louisville and Nashville R. R., at least that part within the Tennessee border. Occasional scouts, and skirmishes are going on which result in no great fatality of ours, but perhaps may be to those who become our captives.

We are constantly capturing deserters, both rebel and Union, Guerrillas, spies, &c. which are sent to Headquarters to await their respective trials. Some are sent to Nashville to a higher tribunal. No damage of any consequence has been inflicted upon our portion of the road during our stay upon it—a consequence of strict guarding from a number-one regiment. The Holidays have passed, some have experienced pleasant times, others have not. Our squad may be classed among the latter. Our regiment is very well liked by the citizens here who protest that if their influence is of any consequence we must remain till our time expires. Our duty is not very hard, excepting the patrolling, a part of which has to be performed at night, and in consequence many small wounds are painful felt. One of our boys fell through a bridge 12 or 15 feet in height and landed himself and skinned his face considerably, but what is still more provoking that we can get shoes when we really need them. The health of the regiment is quite good, our company ("B") having but one in the hospital. All the boys from the vicinity of Chaska are very well and doing duty with a will. The weather has been extremely cold for this climate for the past few days but is quite pleasant again.

More anon,

CHARLIE.

U.S. 7-30 LOAN

The Secretary of the Treasury gives notice that subscription a will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1884, with semiannual interest at the rate of seven and three-tenth per cent. per annum, principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Special advantages of this Loan.

It is a national savings bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum. For the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stock was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all these advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

FIRST NATIONAL BANK OF SAINT PAUL.

And by all National Banks which are depositories of public money, and

ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and AFFORD EVERY FACILITY TO SUBSCRIBERS.

Poetry.

'SOUS LES RUDEAUX.'

Close me, curtains, closer in;
Shut me in my breathing bed,
Folded round my sleepless head
Let the darkness darker be,
While I dream of one away
Who transformed my soul to-day
Into boundless ecstasy.
All the room I know is gloom,
And the thickly bolted door
Locketh out all sounds about—
Sounds that move me now no more—
Even my night lamp has expired,
And there is no ray of light,
Not the feeblest that the sight
Can clutch or chance upon to-night
My guesses as to time of night.
Yet, still closer, close me in,
Let the darkness darker grow,
That from out this square of blackness,
Thick with bliss,
I may carve each perfect feature
Of the only living creature
Who could change me like to this.
Now I nothing hate or dread
So powerful faith life,
And all of fear and all of strife
Lies harmless as the dead—
Dead in the ecstasy of newborn life—
Her life, my life;
Two lives, one life;
'Till now unknown, yet now so known,
Our spirits as one essence onward soar,
As if twin-born, twin-bred, twin-fated, evermore,
No sculptor's hand with genius nerve divine
Now equals mine;
No stone of rare antique
Or wonder-modelled Greek
Lives like the likeness that my memories
might
Carve from the blackness of the kindly night;
And as I lie in all this sweet unrest,
By her possessed,
Pity I all the world, save me, unblest,
And wonder why
High crowned ambition, wisdom, power,
pride, pelf,
Should seem so poor to my exalted self. r.

Miscellaneous.

Joe Bowers' wedding.

The country of—"away up in the mountains" boasts of one of the best judges in California. On the bench he is firm, decided and prompt, not caring a snap for either the applause of friends or the muttering of enemies. He is perhaps, the most devoted man to the law in all creation, and has his head so full of what he terms "judicial talk," that he not unfrequently finds himself making learned charges, and passing sentences outside the court-room.

On a recent occasion, the judge was called upon to exercise the "power and authority in him vested," in the case of a young couple who desired wedlock. Of course he consented to perform the pleasant duty, and on the appointed evening was promptly on hand at the hour at which the affair was to come off. The room was crowded by the beauty and fashion of the town, and none looked more dignified or happy than the judge himself, who was dressed within an inch of his life.

The music had passed round and round—the music had ceased—the time for making Joseph Bowers and Nancy Harkins one had arrived. Every heart throbbled with the most delightful emotions. The young gentlemen desired to know how Joe would stand it, and the young ladies were anxious to see how Nancy would suffer the anxious shock. Others again who had closely observed the turn of affairs during the evening fixed their attention upon the Judge, to see how he would come out of the scrape.

At length the trying moment was announced, the Judge rose very cautiously from the chair which he occupied in one corner of the room, and casting his eyes over the company, singled out the Sheriff of the county, who was present as an invited guest. The Judge had imbibed just enough to make him forget the nature of his business. He was full of his "judicial talk," and required nothing but the presence of the Sheriff to start him. Looking sternly at that officer, he

"Mr. Sheriff open the Court and call order."

A general twitter followed this command, in the midst of which the Sheriff took the "Court" by the arm, and led him to a seat in the corner; at the same time informing the august personage of his mistake.

Everything now bid fair for a pleasant and sudden termination of the affair, until another annoyance which was nothing else than the absence of the bridegroom, was observed. It turned out that he had just stepped across the street to join his friends in a parting drink; but before his return, some cold-blooded wag had whispered into the ear of the old fogey the cause of "the delay of the proceedings." Instantly the chair in the corner moved, and in that direction all eyes were fixed.

"Mr. Sheriff," slowly bawled the Judge "bring Joe into the Court on a supenor" (the Judge had his own way of pronouncing the word); then addressing the bride, who had stood in the foreground and hung her head in great confusion, he added,—"I s'pose you are the plaintiff? Well don't take on so. Innocence and virtue shall be protected in this here Court."

This was the saddest blunder of all. The Judge was again made to see his mistake, and would have been considerably set back, had it not been for a corrective in the shape of "forty drops of the critter," which was instantly applied. In a few moments all was ready in right good earnest. The bridegroom had arrived in full joy. The excitement was intense. He evidently felt every inch a Judge.

"J-J-o-e-B-B-o-w-e-r-s," commenced the man of law, in that distressing style of speech, with which he was invariably troubled when under the influence of liquor, "J-J-o-e-B-B-o-w-e-r-s stand up. Have y-y-you anything to s-s-say w-w-h-y s-s-sentence—"

"Stop, stop, stop, Judge," shouted the Sheriff from the other part of the room; "you are not going to hang the man, but marry him."

The Judge drew a long breath and blinked rapidly, but he stood his ground well. Recovering himself he proceeded.

"J-J-o-e-B-B-o-w-e-r-s, do you take Nancy H-H-harkins for y-your wife so help me God!"

This was a tolerable effort and Joe nodded assent.

"N-Nancy Harkins it now remains for this Court to—"

Here the Sheriff again interrupted the Judge, reminding him of the real business of the evening.

"Miss N-Nancy," resumed the Judge, after being set aright, "d-d-d-o y-you t-t-take Joe B-B-Bowers for a husband t-to the best of your knowledge and b-belief, or do you not?"

"You can bet I will softly answered the light hearted Nancy.

The Judge then took the hands of the happy couple and joining them wound up as follows:

"It now r-remains for this h-here C-Court to pronounce you J-Joe B-B-Bowers and y-you Nancy Harkins man and wife; and—(here the Judge paused to wipe the perspiration from his face) m-m-may G-G-God Or-mighty h-h-have mercy on y-your souls!—Sheriff remove the couple!"

The company roared. Joe and Nancy weakened. The Sheriff was taken with a leaving. The Judge let himself out loose—in a glass of applejack. It was the greatest wedding ever witnessed.

Ten Sons in the U. S. Army.

Mrs. Eliza Ann Upwright, wife of ex-Sheriff Upwright, of the town of Winnebago, in this county, has furnished ten sons for the United States army. At the opening of the war she had thirteen sons and a number of daughters— heirs of her former husband, Mr. Arlew Merchant, late of this county deceased.

Early in the war eight of the Merchant brothers volunteered in the service of their country, and subsequently two more of the brothers, becoming old enough, entered the service also. One of the young Merchants was killed at Island No. 10; another at the battle before Atlanta; a third was brought from the army sick, and died here at home. Others have been wounded.

A number of mothers in Winnebago county have furnished from three to five sons in the cause of the Union; but we have neither known or heard of any one here or elsewhere except Mrs. Upwright, who has sent ten brave boys to the battlefield. Should the war continue, the younger sons—not now old enough for the military service—will probably join their brothers in the army. Mrs. U., the mother, is one of the most intelligent and patriotic women of our country. She is still in vigorous and active life, and we hope may long live to enjoy the blessings of the glorious Government for the preservation of which she has sacrificed so much. Such a mother deserves a handsome pension.—Rockford (Ill.) Register.

—James Guthrie was elected United States Senator, in Kentucky, last Wednesday, receiving, on the first ballot, 68 votes, against 56 for Lovell H. Rousseau.

—It is understood the President has declared if Senator Foote was harmed by the rebels he will bring five of the most distinguished rebel prisoners in our hands to grief. Our cavalry have been ordered to pursue Foote and his captors.

Death of Hon. Edward Everett.

Boston, Jan. 15.

Edward Everett died this morning at 4 o'clock at his residence on Summer street of apoplexy. His age was 70 years and about nine months.

Mr. Everett addressed his fellow citizens at Faneuil Hall on Monday last in aid of sending provisions to Savannah. During the afternoon of that day he was present in court in reference to a claim against the city of Charleston for over-flowing a portion of the estate in Medford by constructing a dam on the Mystic river. On Tuesday he became afflicted with quite a severe cold, but neither his friends nor himself deemed it serious. Saturday evening he appeared about as well as usual and retired to bed, declining to trouble anyone to remain with him. About three o'clock this morning his housekeeper entered the room and found him sleeping naturally. An hour later she was alarmed by hearing a heavy fall in his room, and found him lying on the floor breathing heavily. A physician was promptly summoned, but before his arrival Mr. Everett had expired.

Quarrels.

NEW YORK, Jan. 13.

Richmond papers continue quarrelling over their losses. They think Jeff Davis' course is reprehensible and also make an onslaught on Kirby Smith, who is now discovered to possess none of the attributes of a great general. Hood's failure in Tennessee and Georgia is attributed to the disquiet of the people in those States for the Confederacy. None but Lee and Johnson appear to give satisfaction.

Mexican Affairs.

NEW YORK, Jan. 13.

The World has information from Mexico confirming previous reports of success by the Republicans over the Imperialists in several battles. There was an uprising of the people and the fresh insurrection was increased. It is said the Papal nuncio and Archbishop are about

to leave the country on account of Maximilian's manifesto concerning church property.

From Nashville.

Tennessee to be a Free State.

CINCINNATI, Jan. 14.

The Commercial's Nashville dispatch says the convention unanimously passed a resolution declaring slavery forever abolished and prohibited throughout the State, and also a resolution prohibiting the Legislature from recognizing the right of property in man; forbidding it from requiring compensation to be made to owners; abrogating the declaration of State independence; the league made in 1861 with the Confederate States, and all laws and ordinances made in pursuance of them. All officers appointed by the Acting Governor since his accession to office are confirmed.

The propositions are to be submitted to the people for ratification on the 22nd of February, and on the 4th of March the election is to be held for Governor and Legislature.

Nearly three hundred delegates participated in the final vote. The greatest harmony and good feeling prevailed throughout.

Parson Brownlow is the unanimous choice of the convention for the next Governor.

NEW YORK, Jan. 13.

The Commercial Advertiser says it is assured by advices from Savannah that several Union Conventions are being held in Georgia, when he left that State.

Porter's Version of the Wilmington Failure.

NEW YORK, Jan. 15.

Admiral Porter is of the opinion that Fort Fisher could easily have been taken by the rebels if an effort had been made. Gen. Butler started on the expedition, the Admiral says, before the naval fleet was ready to co-operate with him, and thus, by exposing his transports to the view of the enemy, warped them of their danger. He also says that the army portion of the enterprise was gotten up in a very unilitary manner.

Deserters from Wilmington states that Fort Fisher was garrisoned by unwilling conscripts, at the time of the recent attack, who were anxious to surrender the Fort had an opportunity been offered.

The Atlantic Telegraph Enterprise.

NEW YORK, Jan. 16.

A letter from Geo. Sward, Esq. General Superintendent of the Atlantic Telegraph Company, to Cyrus W. Field after alluding to the absolute electric perfection of the cable now being manufactured, states the amount completed up to the 30th of September, at 730 miles. The cable is now being manufactured at the rate of eight miles per week, without hurry and without night work. It will be finished by the end of the first week in June. Two tanks are on board the Great Eastern for the storage of the cable, and the third is rapidly progressing. There is no reason to doubt that the cable will be all on board, and the Great Eastern ready for sea, with every appliance of the kind and in the best order, during the month of June. Mr. Sward has no doubt that the cable will be successfully laid and worked.

Savannah.

NEW YORK, Jan. 14.

The Herald's Savannah correspondent of the 8th, represents affairs in the city quiet and unchanged, and reiterates the reports of yesterday, relative to movements among the citizens of Georgia for re-union. The correspondent says they need confirmation. Nearly all the traders of Savannah had taken the oath of allegiance. Great suffering among the poor still continued, and to a considerable degree among the wealthy.

Gen. Sherman's entire army is being re-clothed and equipped.

Congress.

SECOND SESSION.

Washington, Jan. 16.

SENATE.—Mr. LANE presented a petition, signed by citizens of Fort Wayne, praying that all rebel prisoners, now in Northern prison, shall be placed under guard and charge of discharged Union prisoners.

Mr. LANE addressed the Senate on the subject of the above memorial, advocating action in accordance with its suggestions.

Mr. WADE interrupted Mr. Lane to offer a joint resolution that all prisoners, both officers and soldiers, of the so-called Confederacy, who are now or shall be hereafter in the control and keeping of the Federal Government, shall receive the same rations and the same amount of clothing, and be subject to the same treatment, in every respect, as Federal prisoners, officers and soldiers, who are now or have been in the keeping and power of the so-called Confederate Government, and that this treatment shall only be changed for better or worse, whenever the President of the United States shall have reliable information that the treatment of our soldiers in Southern prisons is changed for better

or worse, and that any officer in charge of rebel prisoners who shall fail to carry out this policy, shall be dismissed the service.

Mr. LANE, of Indiana, said that this resolution did not go far enough. It does not provide that the rebels should be kept under the care of released prisoners of the Federal army. This was a very important point of the matter. It had been said that retaliation would make the war more bloody. He did not care. He hoped it would make every Southern rebel run with the blood of traitors. There were 44,000 Union prisoners in the South, and double that number of rebel prisoners in the North. We owed it to brave men who had gone forth to fight in a good cause, to inaugurate this system of retaliation.

Mr. WADE said that a year ago the committee on the conduct of the war took more than 100 depositions concerning the barbarities practiced upon the soldiers in the South. Many men were dying when their testimony was taken. It was the general impression then that if the rebel barbarities were substantiated by this investigation the executive authorities would inaugurate a system of retaliation. The report was printed and left, no doubt, that all the stories of rebel cruelties were true, but yet no action was taken by the executive authorities. He was sorrow that so much sympathy was extended by the people of the North to people who inaugurated the rebellion while they tranquilly tolerated these cruelties to our soldiers in the South. He was sorrow to see people sending provisions to rebels in Savannah while our soldiers were starving in Southern prisons. He had heard that a distinguished rebel was recently arrested while coming North, and that the President threatened to retaliate if a hair of his head was hurt. If retaliation was justifiable in the case of a rebel, how much more so was it in the case of our brave soldiers? It might be right enough to retaliate for Mr. Foote, but he (Waide) would not hurt a dog in retaliation for anything done to such a man.

On motion of Mr. HOWARD the matter was referred to the Military Committee.

FROM WILMINGTON.

Capture of Fort Fisher, 2,000 Prisoners and 72 Cannon.

WASHINGTON, January 17.

To Major General Dix:

The following official dispatch has just been received at this Department: Headquarters, S. F. Forces, 65 Federal Point, N. C., January 15, 1865. Via Fortress Monroe, Jan. 17. Big. Gen. J. A. Rawlings:

General: I have the honor to report that Fort Fisher was carried by assault this afternoon and evening by Gen. Ames' division and the 2d brigade of the 1st division of the 24th army corps, gallantly aided by a battalion of marines and seamen from the navy. The assault was preceded by a heavy bombardment from the fleet, and was made at 3:30 P. M., when the 1st brigade (Curtis) of Ames' division effected a lodgment upon the parapet, but full possession of the work was not obtained till evening.

The behavior of both officers and men was most admirable. All the works south of Fort Fisher are now occupied by our troops. We have not less than 2,000 prisoners, including Gen. Whiting and Col. Lamb, the commandant of the fort. I regret to say that our loss is severe, especially in officers.

ALFRED H. TERRY, Brevet Maj. Gen. Com'g Expedition.

What Mrs. Henry S. Foote Says of the Confederacy.

WASHINGTON, Jan. 15.

The Times' special says, that from an interview with Mrs. Senator Foote, it appears that her husband resigned his seat at the time it was so reported; that the rebel Congress is slavishly subservient to Davis; that when bills meet with opposition, the majority go into secret session and rush them through; that the character of the war has been changed by Davis, and it is no longer for his own purposes; that unless it can be terminated to suit him and his school of politics, he will carry it on more bloody and much more barbarous than ever; there is not the slightest prospect of Mr. Blair meeting with success; that the contractors do not decide a termination of the war and are doing everything to continue it; that the great mass of the people want to come back into the Union under the Constitution but are restrained by military power, and as to freedom of the press in this particular, it is entirely gone; there is no way for them to express their views. It was for the purpose of serving those people that Mr. Foote endeavored to reach Washington.

Mrs. F. says those who serve the Richmond Junta live as well as ever, being supplied with all luxuries at comparatively small cost, as the Government pays the expenses.

WASHINGTON, Jan. 16.

The Richmond Whig of Saturday, referring to the arrest of Mr. Foote, says a few days after he announced his purposes to withdraw from the deliberations of the House of Representatives, he went towards the Potomac for the purpose of conveying his family across, that they might reach their home in Nashville. He has not since been in this city. We forbear comment on the arrest until the facts are better known.

HOSTETTER'S.

CELEBRATED

Stomach Bitters.

A pure and powerful tonic, corrects and alters of wonderful efficacy in disease of the Stomach, Liver and bowels, Cures Dyspepsia, Liver complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms and all Complaints of either Sex arising from bodily weakness whether inherent in the system or produced by special causes. Nothing that is not wholesome genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical elements, no fiery excitant, but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forewarned against disease, and so far as the human system can be protected by human means against its ailments engendered by an unwholesome atmosphere, impure water and other external causes, HOSTETTER'S BITTERS may be relied on as a safeguard. In districts infested with Fever and Ague, it has been found infallible as a preventive and irrefragable as a remedy and thousands who resort to it under apprehension of an attack, escape the scourge, and thousands who neglect to avail themselves of its protective qualities in advance are cured by a very brief course of this marvellous medicine. Fever and Ague patients, after being pined with quinine for months in vain, until fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of

Hostetter's Bitters.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic and hence it works wonder in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves Constipation superinduced by irregular action of the digestive and secretory organs. Persons of feeble habit, liable to Nervous Attacks, Losses of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agony of Bilious Colic is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented. As a General Tonic, HOSTETTER'S BITTERS produces effects which must be experienced or witnessed before they can be fully appreciated. It cures Constitutional Weakness, Premature Decay and Debility and Deceptive influences from Old Age, it exercises the electric influence, the convulsant stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-energize and re-establish them. Last, but not least, it is

The Only Safe Stimulant.

being manufactured from sound and innocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and stomachics of the day. No family medicine has been so universally, and it may be truly said, deservedly popular with the intelligent portion of the community, as "Hostetter's Bitters."

Saturday Morning Jan. 21

—TWENTY DOZEN men's and boys' fur and plush caps, just received at WARNERS corner of Chestnut and Levee Sts., Chaska Minn.

—A LITTLE MORE CIDER.—C. A. WARNER has received a lot of CIDER direct from Michigan, which is for sale by the gallon or barrel.

—FIFTY BARRELS of choice WINTER APPLES for sale by C. A. WARNER.

—The burs for the Chaska flouring mill have arrived and the work of completion progresses as fast as the weather will permit.

A steam saw-mill now standing in West St. Paul and owned by Mr. Upham has recently been sold to Mr. C. A. Warner of this place who will remove it to Chaska the coming season.

—We are informed that the County Commissioners are disposed to grant a county road out of Carver under the bluff toward Henderson, in order to avoid the Henderson hill.

—Another mammoth boat is to be built either at Chaska or Carver by "Commodore Dunklee Esq." to be completed at the earliest possible moment. Contracts for building and lumber are already let.

—The contracts for the delivery at Fort Snelling of 1,500 cords of wood and 1,000 bushels of coal were taken by Chaska bidders, the wood being let to C. A. Warner at \$7.40 per cord, and the coal to C. W. Griggs for 34 cents per bushel.

—Fourteen lads and lasses belonging to the Academy are receiving instructions in vocal music without charge from Mr. Lehmann. Dropping in a moment we were pleased to notice that from "raw recruits" the class had already made rapid strides towards proficiency in the musical art.

—Recollect that the Enrolling Board meets in Carver on Wednesday next. All persons knowing themselves to be physically disabled should appear and be stricken from the roll.

—Rev. A. C. Lehmann, Principal of the Chaska Academy makes a statement showing a very gratifying result concerning the finances of this institution for the first quarter.

The building cost \$4,600, the money being furnished by the Moravian Society, upon which the school as soon as able, must pay interest at the rate of six per cent per annum. Every expense of the school has been met for the first quarter & more than money enough remains to pay the quarterly interest. It has been forwarded by draft to headquarters at Bethlehem, Pennsylvania. The second quarter will be opened with even, greater facilities for the instruction of scholars, as another teacher is to be added to the present corps.

U. S. 7-30 LOAN

The Secretary of the Treasury gives notice
that subscribers to the 7-30 Loan will be re-
ceived for Coupon Treasury Notes, payable three years from Aug.
15th, 1864, with semi-annual interest at the rate
of seven and three-tenths per cent. per annum,—
principal and interest both to be paid in lawful
money.

These notes will be convertible at the option
of the holder at maturity, into six per cent. gold
bearing bonds, payable not less than five nor
more than twenty years from their date, as the
Government may elect. They will be issued in
denominations of \$50, \$100, \$500, \$1,000 and
\$5,000, and all subscriptions must be for fifty
dollars or some multiple of fifty dollars.

As the notes draw interest from August 15,
persons making deposits subsequent to that date
must pay the interest accrued from date of note
to date of deposit.

Special advantages of this
Loan.

It is a national savings bank, offering a high-
er rate of interest than any other, and the best
security. Any savings bank which pays its deposi-
tors in U. S. Notes, considers that it is paying
in the best circulating medium of the country,
and it cannot pay in anything better, for its own
assets are either in government securities or in
notes or bonds payable in government paper.

Convertible into a six per cent.
5-20 Gold Bond.

In addition to the very liberal interest on the
notes for three years, this privilege of conversion
is now worth about three per cent. per annum,
for the current rate for 5-20 Bonds is not less than
nine per cent. premium, and before the war the
premium on six per cent. U. S. stock was over
twenty per cent. It will be seen that the actual
profit on this loan, at the present market rate, is
not less than ten per cent. per annum.

Its Exemption from State or
Municipal Taxation.

But aside from all these advantages we have en-
acted, a special Act of Congress exempts all
bonds and Treasury notes from local taxation.

On the average, this exemption is worth about
two per cent. per annum, according to the rate
of taxation in various parts of the country.

It is believed that no securities offer greater
inducements to lenders as those issued by the gov-
ernment. In all other forms of indebtedness,
the faith or ability of private parties, or stock
companies, or separate communities, only is
pledged for payment, while the whole property
of the country is held to secure the discharge of
all the obligations of the United States.

Subscriptions will be received by the Treasurer
of the United States, at Washington, the sev-
eral Assistant Treasurers and designated Deposi-
taries, and by the

FIRST NATIONAL BANK OF
SAINT PAUL.

And by all National Banks which are depositories
of public money, and

ALL RESPECTABLE BANKS AND BANKERS
throughout the country will give further infor-
mation and AFFORD EVERY FACILITY TO SUB-
SCRIBERS.

THE DAILY PIONEER
Is issued EVERY MORNING IN THE
WEEK (Mondays excepted).
The Tri-weekly Pioneer
Is issued every MONDAY, WEDNESDAY
and FRIDAY, and will be found a very
convenient issue in localities which have
no daily mail. It contains all the matter
(exclusive of advertisement) that appears
in the Daily edition.
The Weekly Pioneer
Is the first newspaper issued in Minnesota,
and has been printed continuously since
1849. It contains all the news matter of
the Daily and Tri-Weekly editions, and is
the largest newspaper printed in the State.
We shall endeavor, as in the past, to make
it completely a FAMILY PAPER, and a
welcome visitor to every household. It
will contain, in addition to the news of the
day, the best selected and original tales,
poetry, reviews, and other excellent liter-
ary matter. It is in every respect a popu-
lar newspaper, and the cheapest as well
as the best in the State.

The General Character of the
Pioneer.
The several editions will present a full,
faithful and reliable epitome of the latest
current news, received through our regular
telegraphic reports, correspondence, &c.
Special pains will be bestowed upon Com-
mercial and Market Reports, up to the mo-
ment we go to press. To this will be ad-
ded a lively interest in local matters, and
in everything calculated to promote the
material prosperity of our people. The
general army news will be published
promptly, faithfully and fully, and espe-
cial attention will be directed to intelli-
gence relating to Minnesota troops in the
field, giving the latest and most authentic
and detailed information as to their locality
and the conduct of officers and soldiers.

Political Affairs.
while The Pioneer will refrain from im-
temperate and factious opposition to the
present Administration, it will fearlessly
criticize every act that is deemed subver-
sive of the public good; but it will be in a
spirit of candor and moderation designed
to evolve light and truth, and promote
the diffusion of sound principles of polit-
ical economy. We shall advocate at all
times "Democratic Principles and Demo-
cratic men," and expose the evil tendency
and corruptions of radical measures and
men. In short, we shall aim to make THE
PIONEER the central organ of the Demo-
cratic and conservative sentiment of Min-
nesota; and being determined to continue
in the course we have pursued the past
year, we confidently appeal to the Demo-
cracy for their support.
In these days when the party in power
is lavish of its benefits to its press, which
has become base as it has grown venal,
and when the Democratic press is exclu-
ded from patronage, it is especially impor-
tant that the masses of the people should
extend a liberal support to its papers. It
is indispensable, and it is the business of
every patriotic and conservative man of
the State. With these views, we regard
it a duty to enjoin upon Democrats every-
where to support the best and contri-
butionary press. It must be done, or we must aban-
don the hope to take our place in the
grand roll of Democratic States, which
the events of the next two years will in-
evitably inscribe upon the time-honored
banner. Let not Minnesota be laggard to
"pursue the triumph and partake the gale."

BOOK & JOB PRINTING.
Labor, paper and everything which en-
ters into the cost of a newspaper, is so
high that we can hope for little profit in
that branch of our business, and we there-
fore particularly solicit.

HELMBOLD'S.
GENUINE
Preparations.
COMPOUND Fluid Extract Broom, a Positive
and Specific Remedy for Diseases of the Bladder,
Kidneys, Gravel and Dropsical Swellings.
This Medicine increases the power of Dige-
stion and excites the Absorbents into healthy ac-
tion, by which the Watery or Calcareous depoi-
sits, and all Unnatural Enlargements are re-
duced, as well as Pain and Inflammation.
HELMBOLD'S EXTRACT BUCHU.
For Weaknesses arising from Excesses, Habits
of Disipation, Early Indiscretion of Abuse, at-
tended with the following symptoms:
Indisposition to Exercise, Loss of Power, Loss
of Memory, Difficulty of Breathing, Weak
Nerves, Trembling, Horror of Disease, Wake-
fulness, Dimness of Vision, Pain in the Back,
Universal Lassitude of the Muscular System,
Hot hands, Flushing of the face, Dryness of
Skin, Eruptions of the Face, Fullness of the
Throat, and all the symptoms of a debilitated
system.
These symptoms followed to go on, which
this medicine invariably removes, soon follows
Impotency, Fatuity, Epileptic Fits,
In one of which the Patient may expire.
Who can say that they have not frequently fol-
lowed by those "Fatal Diseases,"
"Insanity and Consumption"
Many are aware of the cause of their suffering,
but none will confess the records of the insane
asylum. And unobscuredly death by consump-
tion bear ample witness to the truth of the asser-
tion. The Constitution once affected with Or-
ganic Weakness requires the aid of medicine to
Strengthen and Invigorate the system, which
Helmhold's Extract Buchu invariably does.
A Trial will convince the most skeptical.

FEMALES—FEMALES—FEMALES.
In many affections peculiar to females the Ex-
tract Broom is unequalled by any other remedy,
in Catarrhs or Retention, Irregularity, Pain-
fulness, or Suppression of catamenial Evacuations,
Ulcerated or Scirrhous state of the Uterus, Leu-
chorrheas or Whites, Sterility, and for all com-
plaints incident to the sex, whether arising from
indiscretion, habits of dissipation, or in the
Decline or Change in Life.
Take no more Balsam, Mercury or unpleasant
medicines for unsatisfactory and dangerous diseases.
Helmhold's Extract Buchu and Im-
proved Rose Wash Cures.
Secret Diseases.
In all their stages, At little expense,
Little or no change in diet. No inconvenience,
and no exposure.
It causes a frequent desire and gives strength
to urinate, thereby removing obstructions, pre-
venting and curing strictures of the urethra, al-
leviating pain and inflammation, so frequent in the
class of diseases and expelling all "poisonous
diseases and worn-out matter."
Thousands upon thousands who have been the
victims of "Quacks and heavy fees" to be cured in a short time, have found
they were deceived, and that the "Poison" has
by the use of Helmhold's Extract Buchu been dried
up in the system, to break out in an aggravated
form and perhaps after Marriage.
Use Helmhold's Extract Broom for all affec-
tions and diseases of the Urinary Organs
whether existing in Male or Female, from
whatever cause originating and no matter how
long standing.
Diseases of these Organs requires the aid of a
Diuretic. Helmhold's Extract Broom is the
great Diuretic, and is certain to have the desired
effect in all Diseases for which it is recommended.
Evidence of the most reliable and most responsible
character will accompany the medicine.

HOSTETTER'S.
CELEBRATED
Stomach Bitters.
A pure and powerful tonic, corrective
and alterative of wonderful effica-
cy in disease of the Stomach,
Liver and bowels, Cures Dyspepsia, Liver
complaints, Headache, General Debility,
Nervousness, Depression of Spirits, Con-
stipation, Colic, Intermittent Fevers,
Cramps and Spasms and all
Complaints of either Sex
arising from bodily weakness whether inherent
in the system or produced by special causes.
Nothing that is not wholesome genial and restor-
ative in its nature enters into the composition
of Hostetter's Stomach Bitters. This popular
preparation contains no mineral of any kind, no
dreadful botanical elements, no fiery exotics; but
it is a combination of the extracts of two hot
tanic herbs and plants with the purest and mild-
est of all diffusive stimulants.
It is well known that the human system can be protected by
human means against all the engendered evils of an
unwholesome atmosphere, impure water and "dis-
eases of the stomach," and that the human system
may be relied on as a safeguard.
In all cases of indigestion, flatulency, and
so far as the human system can be protected by
human means against all the engendered evils of an
unwholesome atmosphere, impure water and "dis-
eases of the stomach," and that the human system
may be relied on as a safeguard.
In all cases of indigestion, flatulency, and
so far as the human system can be protected by
human means against all the engendered evils of an
unwholesome atmosphere, impure water and "dis-
eases of the stomach," and that the human system
may be relied on as a safeguard.

Hostetter's Bitters.
The weak stomach is rapidly invigorated and
the appetite restored by this agreeable Tonic and
hence it works wonders in cases of Dyspepsia,
and in less confirmed forms of Indigestion.
Acting as a gentle and painless aperient, as
well as upon the liver, it also invariably relieves
Constipation caused by irregular action of the
digestive and secretory organs.
It is a powerful tonic, and is well adapted to
cases of feeble habit, Indigestion, Nervous At-
tacks, Losses of Spirit and Fits of Langor,
and prompt and permanent relief from the Bit-
ter. The testimony on this point is most con-
clusive, and from both sexes.
The agency of Bileous Colic is immediately
removed by a single dose of the stimulant, and
by occasionally resorting to it, the return of the
complaint may be prevented.
As a General Tonic, HOSTETTER'S BITTERS
produces effects which must be experienced or
witnessed before they can be fully appreciated.
In cases of Constitutional Weakness, Prema-
ture Decay and Debility and Inactivity arising
from Old Age, it exercises the electric influence.
In the convalescent stages of all diseases it op-
erates as a delightful invigorant. When the pow-
ers of nature are relaxed, it operates to re-enforce
and re-establish them.
Last, but not least, it is
The Only Safe Stimulant,
being manufactured from sound and invigorating
materials, and entirely free from the acid ele-
ments present in more or less in all the ordinary
stimulants of the market.
No family medicine has been so universally
and, it may be truly said, deservedly popular
with the intelligent portion of the community
as "Hostetter's Bitters."

Poetry.

The Ruined House.

"For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, a house not made with hands, eternal in the heavens."

I know a beauteous dwelling,
Of workmanship most rare,
Adorned with all the graces
That loveliness can wear.

'Twas a templed shrine of innocence
Illumined from above,
A palace rendered brilliant
By childhood's trusting love.

The windows were of crystal,
Than diamonds more bright;
Yet often softly shaded
With a pensive, holy light—

Where images of mystery
Entranced the gazer's view,
Bright forms of love and beauty
That thought, the artist drew.

Between the opening portals
Bright pearls were just discerned,
Where thin and snowy curtains
Their rosy linings turned;

And forth came sounds of friendship,
And laughter's merry din,
And strains of choral music,
From singing birds within.

Oh, how you loved that dwelling
As something most divine;
The soul that dwelt within it
Was closely linked with mine.

You gazed upon the windows
And leaved their mystic lore
You lingered round the portal;
You kissed the pearly door.

But now, alas, it's ruined,
The grass has o'er it grown;
And she who dwelt within it
On angel wings has flown.

She veiled the pictured windows,
She shut the pearly door,
She crossed the rapid river,
And reached the shining shore.

Free from the earthly fetters,
From futile cares at rest,
Another seraph's singing
Aid the regions of the blest—

Singing the song of triumph,
Whose echo speaks to thee;
'Tis found a brighter dwelling-place,
Fathery, come and see." H. F. C.

Miscellaneous.

Steve Conant's Courtship.

I once called on my friend, Steve Conant, and while there the conversation turned on courtship; and at my request the old gentleman told me an incident in his own love affairs, which I give in his own words:

"Wall, seeing it's you, I don't mind telling about a scrape that happened to me when I was courting Nancy here. That is something I never tell anybody. But you shall hear it."

"No, don't Steve," broke in the old woman.

"I should think you would be ashamed of yourself, telling love scrapes to every body."

"If you can't bear to hear it you may go out doors—so here goes! When I was nigh about twenty one I came up here all alone, and built me a cabin. I hadn't a naber nearer than five miles, so ye see I didn't quarrel much; but as it grew to be near winter, I got kinder lonesome and begun to think that I ought to have a woman to keep me company; so one morning I started to Lenway, to take a look at the girls, to see if I could find one to suit me. When I got down to the settlement I asked a young chap if he knew of a girl that wanted to get married, and he told me he guessed that Nancy Knox did, and if I wanted a wife, I had better try and hitch on with her; and he said that, if it was agreeable, he would go to Deacon Knox's and make me acquainted with Nancy, and he was as good as his word, and twasn't an hour before Nancy and I was on the best of terms. Afore night I hired out with the Deacon for ten dollars a month, half of the pay in produce, and the rest in clear cash, and I was to work all winter.

"Wall, for about two months I felt as a mouse in a new cheese. I courted Nancy every Sunday night, and I was determined before another week to pop the question, and I hadn't a bit of doubt but

what Nancy would be overjoyed at becoming my bosom company. Wall, about this time there came a fellow from one of the lower towns to keep school, and he hadn't been there more'n a week afore I found he had a natural hankering after Nancy; and worst of all the old Deacon, who seemed mighty pleased at the thought of my courting his gal, begun to kinder cool off, as if he would like the schoolmaster better for his son-in-law, and it made me feel kinder down in the lip, I can tell you.

"Wall, on one Sunday night, Bill Smith, for that was the pesky critter's name, came in just at dusk, and when the clock struck nine he didn't seem to go. Old Mrs. Knox and the young uns all went to bed, and there were none left but the old Deacon, Bill, Nancy and I, and I kept speeting every minute when he would show Bill to bed, but he didn't such things; but just as the clock struck ten he ris up, and sees he:

"Steve let's go to bed, for we must be up bright and airy to have them ere logs to the river."

"Wasn't that a hint, eh? I looked at Nancy, but she turned away her head, and at this I up the ladder and to bed. I was boiling over mad with all creation—Bill, Nancy and the Deacon in particular. I got into bed—but I felt so bad I could not sleep. Like as not, the schoolmaster was hugging and kissing Nancy in the kitchen, and I could not shet my eyes for the life of me. Wall all at once it occurred that there were some big cracks in the floor over the kitchen, and I could watch and see all that was going on below; so out of bed I got, and crawled along on all fours, and finding a big crack, I looked down through. Bill and Nancy were sitting about two feet apart though every now and then Bill would hitch his chair a little nearer to her—How I could have checked that man!

I watched them for about a quarter of an hour, and by that time I was near about froze, as it was an awful cold night and I hadn't a rag on except my two shirts. By and by Bill hitched his chair a little closer, and I could see that he had made up his mind and was just going to kiss her. How it riled me! But I was bound to see it through, so I moved a little nearer to get a better view, and at that moment the plank tipped up, and down I went kerehunk, and landed between Bill and Nancy. Bill thought for once that old Nick had come, and streaked it out of doors; and as for Nancy, she gave one look, and then covered up her face with her apron. I started out of the kitchen as quick as you could say scott, and as I was going up the ladder, I heard old Mrs. Knox holler:

"Nancy, scott the cat down, or she'll break every dish in the dresser!"

"The next morning when she went out to milk, I popped the question to Nancy and she said she would have me, for she didn't care a cent for Bill Smith, and we have been married forty years cum next June."

Many Facts in a small Compass.

The number of languages spoken is 2,094. The number of men is equal to the number of women. The average of human life is about thirty-three years. One quarter die before the age of seven. To every one thousand persons one rarely reaches the age of one hundred years, and not more than one in five hundred will reach the age of eighty. There are on earth 1,000,000,000 inhabitants. Of these about 33,333,333 die every year, 91,824 die every day, 7,789 every hour, and sixty every minute. These losses are balanced by an equal number of births. The married are longer lived than the single. Tall men live longer than short ones. Women have more chances of life previous to the age of fifty years, but fewer after than men. The number of marriages is in proportion of seventy to one hundred. Marriages are more frequent after the equinoxes than

is during the months of June and December. Those born in the spring are more robust than the others. Births and deaths are more frequent by night than by day.

A Joke for Selfish Husbands.

Lord Ellenborough was once about to go on a circuit when Lady Ellenborough said that she would like to accompany him. He replied that he had no objections, provided she did not remember the carriage with hand-boxes which was his abhorrence. During the first day's journey, Lord Ellenborough happening to stretch his legs, struck his foot against something below the seat. He discovered that it was a hand box. Up went the window and out went the handbox. The coachman stopped, and the footman thinking that the handbox had tumbled out of the window by some extraordinary chance, was going to pick it up, when Lord Ellenborough furiously called out, "Drive on!" The hand-box was accordingly left by the ditch-side. Having reached the country where he was to officiate as judge, Lord Ellenborough proceeded to array himself for his appearance in the court-house.

"Now" said he "where's my wig—where's my wig?"

"My Lord" replied his attendant, "it was thrown out of the carriage window."

—A gentleman of Boston left his wife in the first year of the war, and departed for the battle field. A few months afterwards the lady gave birth to a child, and subsequently the name of her husband appeared among those killed in one of the battles fought by the Potomac army. A body said to be that of her husband, was sent to her, and the remains were interred. The lady remained single about a year, and married again, and now has a child by the second husband. A few weeks ago, she was somewhat surprised at reading the name of her husband in a list of Massachusetts who had recently been released from a rebel prison. She now has two living husbands, and children by both.

—A negro soldier was lately arrested in our city for stealing a fine rooster, and when interrogated by the Provost Marshal on the subject, replied that he did not steal the bird.

"Why," said the Provost, "you were caught in the act of carrying the rooster off. Don't you call that stealing?"

"No sir, I didn't steal that roostah! You see I was gwain' along, an' I seed dat roostah settin' on de fence, an' he looked berry much like a secess chicken. I axed him to crows for de Union, an' he wouldn't do it, so I confiscated him. Dat ain't stealin'! No sir, dat ain't stealin'!"—*St. Jo. Herald.*

The Lieut. Gen. of the U. S. army was walking on the dock at City Point a day or two ago, apparently absorbed in thought, and with the inevitable cigar in his mouth, when a negro guard touched his arm, saying, "No smoking on the dock, sir." "Are these your orders?" asked the General, looking up. "Yes, sir," replied the negro, courteously, but decidedly. "Very good orders," said Grant, throwing his cigar into the water.

—Some time since a very large Irishman came into the Patterson post-office, and addressed the post master with:

"Is there any litters for me, sure?"

"What is your name?" inquired the official.

"Oh, bedad, that's no matter. Is there anything for me?"

"But what is your name?" I must know that first."

"That's none of your business! It's a lither I'm after, and not for to be telling my name."

After some trouble and explanation he gave his name as Michael Flanagan, but on looking over the letters none were found for Flanagan. The Irishman started for the door, and on reaching the steps was heard to say, "Och, he jabsers, and didn't I feel the feller good!"

—Some one recently asked Mr. Lincoln when Richmond would be taken. "Well, my friend," replied his Excellency, "I once thought it was a mere question of time, but now I think it is a matter of eternity."

—Among all my boys, said an old man I never had but one boy who took after me, and that was my son Aaron, who took after me with a club.

—There is a town in Ohio where the people have lived so long on pork that they are beginning to contract some of its habits. When a neighbor dies, they lay him out as they do a hog, with a corn cob in his mouth.

Saturday Morning Jan. 28

—TWENTY DOZEN men and boys fur and plush caps, just received at WARNERS corner of Chestnut and Levee Sts., Chaska Minn.

—FIFTY BARRELS of choice WINTER APPLES for sale by C. A. WARNER.

—A picture of a friend is valuable only for the truthfulness of its outline, expression, and features. Nothing less than a perfect likeness is quite satisfactory, and how few artists will give all that is required in a good photograph. We advise all to avoid traveling quacks in photography, and, desiring a good picture, to go to Whitney's Gallery in St. Paul. No establishment west of Chicago gives as good satisfaction as Whitney's. All kinds of pictures are executed in the highest artistic style, and elegant albums are on sale at lower prices than can be found in the city. These are facts which are nowhere denied.

—The Board of Enrollment met in Carver on Wednesday of this week. Lawyers and doctors and shoulder-biters and every other man who hasn't any business at home, follow in the wake of this Board to pick up a few ill-gotten dollars by making worthless affidavits, examining applicants who would be exempt without any such procedure, and charging exorbitant fees for doing what the examining Board will do without pay.

Citizens should not be imposed upon, and the only cases where affidavits will be of any service are those of over-age, under-age, alienage and non-residence. We are told that few succeed in gaining exemption. An instance may be told of one loaded team containing sixteen persons who came from beyond Glencoe all thinking themselves exempt. Not one, upon examination, was found to be exempt from the draft.

—We are at last favored with enough snow to make sleighing possible for light teams. Accompanying it we have another term of frosty weather, the great east range of the thermometer during the week being about 24 degrees, and that between 26 and two degrees below zero. A fine time for raising a "crap" of ice.

—The quota for this State under the late act has been received by Marshal Averill and is 3,636. We shall be able to announce the quota for this District next week. It is expected that the quota for this District will be larger than that of the first for the reason that we have sent less three years men, and therefore our credits are smaller.

LATER—The quotas of the Districts were received yesterday. The first of Southern District must furnish 2,125, and the second or Northern District are to furnish 1,511. The apportionment to the towns will not vary much from that of the previous call.

—Warner's cider has "played out" and he requests his order notice to be discontinued. He has however plenty of apples left, which are very good in a family where there's no cider.

—We print this week the prospectus of the Chicago Journal, a first-class daily, tri-weekly, and weekly chronicler of passing events. If you are in want of a paper from the metropolis of the North-west none can be found in the city of Chicago more worthy of recommendation than the Journal.

—R. Marvin, the importer and wholesale dealer in crockery renews his advertisement in the double column for the coming year. Importing his own wares direct from Europe he is able to give country dealers great bargains. His experience in packing goods is a guarantee that all articles bought at his store will be safely transported. Goods sold at retail.

—S. L. Bailey & Co. furniture dealers continue their card with a little variation. Cabinet makers can be furnished with all kinds of varnish, also oval frames, pictures and mouldings. Every description of material will be kept and furnished to cabinet makers. He continues to keep a splendid assortment of both plain

and ornamented furniture which will be sold as low as by any other house.

—Several of the Idaho skeddaddlers who returned last fall are again preparing for another exit. They propose to go to New York to enlist, but they cannot throw chaff in the eyes of their neighbors. All this claptrap about enlisting means that as soon as the wheel turns they are off for Canada. There might be and should be a remedy for this whole sale desertion. No one should be allowed except on special permit, to leave the State pending a draft.

—We inadvertently omitted to mention that Mr. C. A. Warner has sold a half interest in his store and building to Mr. Stetson Warner late of Massachusetts. By this change Mr. Daniel Stone so long in the employ of C. A. Warner as clerk, is relieved from further duty.

Manhood: how Lost, how Restored!

Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the RADICAL CURE (without medicine) of SPERMATORRHOEA, or seminal Weakness, Involuntary Seminal Losses, Impotency, Sexual & Physical Incapacity, Impediments to Marriage, etc.; also CONSUMPTION, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance. Price, in a sealed envelope, only 6 cents. The celebrated author in this admirable essay clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in a plain envelope, to any address—post paid—on receipt of six cents, or two post stamps. SHERIFF'S SALE.

By virtue of an execution issued out of and under the seal of the District Court Fourth Judicial District in and for the County of Carver and State of Minnesota, upon a Judgment rendered and Docketed in said Court on the 10th day of January A. D. 1895, in favor of Augustin Teichmeyer plaintiff and against John Hecklin defendant for the sum of four hundred and thirty dollars (\$430) and costs, amounting in all to four hundred and fifty-one dollars and twenty-five cents (\$451.25), I have levied upon the following described property as the property of the said defendant to-wit:

Lot three (3) and the south east quarter of north west quarter of section one (1) township one hundred and sixteen (116) of range twenty-four (24) containing seventy nine (79) acres of land.

And will sell the same at public auction to the highest bidder therefor, at the front door of the Court house in Chaska in said County, on Monday the sixth day of March A. D. 1895, at 10 o'clock in the forenoon of said day, to-wit: the said judgment and cost. FRED. HECKLIN, Sheriff of Carver County, Minn.

Dated at Chaska January 12th A. D. 1895.

STATE OF MINNESOTA } S. S. COUNTY OF CARVER, } IN PROBATE COURT.

At a special term of the Probate Court held in and for said County of Carver at Chaska on the 9th day of January A. D. 1895. In the matter of the estate of Jacob Schneider, late of said County deceased. On reading and filing the petition of Walburga Schneider praying for reasons therein set forth that Letters of Administration issue to herself. It is ordered that on Monday the 9th day of February A. D. 1895 at 10 o'clock in the forenoon, at the office of the Judge of Probate in Chaska be assigned for the hearing of said petition, and all persons interested in said estate are required to appear at a session of the Probate Court then and there to be holden in show cause if any there be why the prayer of said petitioner should not be granted. And it is further ordered that said petitioner give notice to all persons interested in said estate of the pendency of said petition by causing a copy of this order to be published in the "Valley Herald" a weekly newspaper published at Chaska in said County, for three successive weeks previous to the said day of hearing. Dated at Chaska Jan. 9th A. D. 1895. FRANK WARNER, Judge of Probate.

U. S. 7-30 LOAN

The Secretary of the Treasury gives notice that subscription a will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1894, with semiannual interest at the rate of seven and three-tenths per cent. per annum, principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$200, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Special advantages of this Loan.

It is a national savings bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

Convertible into a six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum. For the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stock was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all these advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

FIRST NATIONAL BANK OF SAINT PAUL.

And by all National Banks which are depositaries of public money, and

ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and AFFORD EVERY FACILITY TO SUBSCRIBERS.

tained nearly

THREE THE CIRCULATION.
Of any other Newspaper published in the
State—a fact of great importance to
advertisers. This newspaper's success is
owing not only to the fact that its political
sentiments are in harmony with those of
the great majority of the people, but to
its great superiority over all its rivals in
every department of newspaper intelli-
gence, being

ALWAYS AHEAD IN NEWS.
And foremost in the discussion of all sub-
jects of public interest, and in advocacy
of all measures for the material develop-
ment of the State.
It has a far more extensive and intelli-
gent War and State Correspondence than

excellent Poetical and Literary contribu-

compel it a slight advance in our subscrip-

since then, we still adhere to the terms then

THE DAILY PIONEER
Is issued EVERY MORNING IN THE
WEEK (Sundays excepted.)
The Tri-weekly Pioneer
Is issued every MONDAY, WEDNESDAY
and FRIDAY, and will be found a very
convenient issue in localities which have
no daily mail. It contains all the matter
(exclusive of advertisements) that appears
in the Daily edition.
The Weekly Pioneer
Is the first newspaper issued in Minnesota,
and has been printed continuously since
1849. It contains all the news matter of
the Daily and Tri-Weekly editions, and is
the largest newspaper printed in the State.
We shall endeavor, as in the past, to make
it a pleasant, a FAMILY PAPER, and a
welcome visitor to every household. It
will contain, in addition to the news of the
day, the best selected and original tales,
poetry, reviews, and other excellent liter-
ary matter. It is in every respect a popu-
lar newspaper, and the cheapest as well
as the best in the State.

The General Character of the
Pioneer.
The several editions will present a full,
faithful and reliable picture of the latest
current news, received through our regular
telegraphic reports, correspondence, &c.
Special pains will be bestowed upon Com-
mercial and Market Reports, up to the mo-
ment we go to press. To this will be ad-
ded a lively interest in local matters, and
in everything calculated to promote the
material prosperity of our people. The
general army news will be published
promptly, faithfully and fully, and espe-
cial attention will be directed to intelli-
gence relating to Minnesota troops in the
field giving the latest; most authentic and
detailed information as to their locality
and the conduct of officers and soldiers.

Political Affairs.
while The PIONEER will refrain from in-
temperate and factious opposition to the
present Administration, it will fearlessly
criticize every act that is deemed subver-
sive of the public good; but it will be in a
spirit of candor and moderation designed
to evolve light and truth, and promote
the diffusion of sound principles of politi-
cal economy. We shall advocate at all
times "Democratic Principles and Demo-
cratic men," and expose the evil tendency
and corruptions of radical measures and
men. In short, we shall aim to make the
Pioneer the central organ of the Demo-
cratic and conservative sentiment of Min-
nesota; and being determined to continue
in the course we have pursued the past
year, we confidently appeal to the Demo-
cracy for their support.
In these days when the party in power
is lavish of its benefits to its press, which
has become base as it has grown venal,
and when the Democratic press is exclud-
ed from patronage, it is especially impor-
tant that the masses of the party should
extend a liberal support to its papers. It
is indispensable, and it is the business of
every patriotic and conservative man of
the State. With these views, we regard
it a duty to enjoin upon Democrats every-
where to support the best and central
press. It must be done, or we must aban-
don the fight, take our place in the
grand roll of Democratic States, which
the events of the next two years will in-
evitably inscribe upon the timeworn
banner. Let not Minnesota be lagged to
"pursue the triumph and partake the gain."

BOOK & JOB PRINTING.
Labor, paper and everything which en-
ters into the cost of a newspaper, is so
high that we can hope for little profit in
that branch of our business, and we there-
fore particularly solicit.

and all Unnatural Enlargements are reduc-
ed, as well as Pain and Inflammation.

HELMHOLD'S EXTRACT BROMH.

Rheumatic Swellings of the Muscular System,

Who can say that they are not frequently fol-
lowed by those "Fatal Diseases,"
"Insanity and Consumption!"
Many are aware of the cause of their suffering,
but none will confess the "Fetters of the Insane."
And melancholy deaths by consump-
tion. The Constitution once affected with De-
génération Weakness requires the aid of medicine to
strengthen and invigorate the system, which
Helmhold's Extract Broom invariably does.
A Trial will convince the most skeptical.

In many affections peculiar to females the Ex-
tract Broom is unexcelled by any other remedy,

fulness, or Suppression of the Menstrual Discharge,

HOSTETTER'S.
CELEBRATED
Stomach Bitters.
A pure and powerful tonic, corrects
and alleviates of wonderful effica-
cy in disease of the Stomach,
Liver and bowels, Cures Dyspepsia, Liver
complaint, Headache, General Debility,
Nervousness, Depression of Spirits, Con-
stipation, Colic, Intermittent Fevers,
Cramps, and Spasms, and all
Complaints of either Sex.
arising from badly weakened system, or
in the system or produced by special causes,
Nothing that is not wholesome and restor-
ative in its nature enters into the composition
of Hostetter's Stomach Bitters. This popular
preparation contains no mineral of any kind, no
deadly botanical elements, no fiery exotics, but
it is a combination of the extracts of rare but
simple herbs and plants with the purest and mild-
est of all dietary stimulants.
It will be the foremost against disease, and
so far as the human system can be protected by
human means against all the scourges of the
unwholesome atmosphere, intemperance and other
external causes, HOSTETTER'S BITTERS
may be relied on as a safe remedy.
In districts infested with Fever and Ague, it
has been found infallible as a preventive and in-
valuable in its action in the composition
of its ingredients, and thousands who resort
to it under apprehensions of an attack, escape the
scourge, and thousands who neglect to avail
themselves of its protective qualities in advance
of the attack, are cured by a very brief course of this marvelous
medicine. Fever and Ague patients, after being
bled with quinine for months in vain, until fair-
ly saturated with that dangerous alkaloid, are
not infrequently restored to health within a few
days by the use of
Hostetter's Bitters.

The weak stomach is rapidly invigorated and
the appetite restored by this agreeable Tonic and
hence it is a valuable remedy in cases of Dyspepsia,
and in less confirmed forms of Indigestion,
as well as upon the liver, it also invariably relieves
Constipation unaccompanied by irregular action of
the digestive and excretory organs.
Purges of Iodine, Salts, Bile, or Nervous At-
tacks, Lowness of Spirits and Fits of Laughter,
and prompt and permanent relief from the Bit-
ters. The testimony on this point is most con-
clusive, and from both sexes.
The agency of Bilious Colic is immediately
assuaged by a single dose of the stimulant, and
by occasionally resorting to it, the return of the
complaint may be prevented.
A General Tonic, HOSTETTER'S BITTERS
produces effects which cannot be witnessed before
they can be fully appreciated.
In cases of Constitutional Weakness, Prema-
ture Decay and Debility and Deceptive Influence
from Old Age, it exercises the electric influence.
In the convalescent stages of all diseases it op-
erates as a delightful invigorant. When the pow-
ers of nature are relaxed, it operates to restore
and re-establish them.
Last, but not least, it is
The Only Safe Stimulant,
being manufactured from sound and innocuous
materials, and entirely free from the acrid ele-
ments present more or less in all the ordinary
tonics and stimulants of the day.
No family medicine has been so universally
and so truly adopted, deservedly the popular-
ity as "Hostetter's Bitters."
Prepared by HOSTETTER & SMITH, Pitts-
burg, Pa. Sold by all Druggists, Grocers and
Storekeepers everywhere.
